

KENTUCKY

Park Operational Base Summary: The table below shows the annual park operating base for all parks within this state. Park operational base funds are supplemented by as yet undetermined amounts of project funding from regional or servicewide-managed programs, such as cyclic maintenance, the Natural Resources Preservation Program, and the Drug Enforcement Program.

If a park is in more than one state, the park is included in each of the appropriate state tables. The full operating base is shown; no attempt has been made to split the park operating base amount between two or more states.

Description: Cumberland Gap National Historical Park was authorized by the Act of June 11, 1940, to consist of lands in certain historic areas within Bell and Harlan Counties, Kentucky; Claiborne County, Tennessee; and Lee County, Virginia. The act authorized acquisition only by donation and purchase with donated funds; the purchase of lands with appropriated funds was not permitted. The act of October 26, 1974 revised the boundary of the park to include an additional 60 acres and authorized appropriations not to exceed \$427,500 to acquire the lands so added.

Natural/Cultural Resources Associated with Proposal: The park protects and preserves the passageway through the Appalachian Mountains that ushered settlers to "the Old West."

Threat: The Act of November 12, 1996 (Public Law 104-333), authorized the acquisition, by donation, purchase with donated or appropriated funds, or exchange, of up to ten acres outside the park boundary. When acquired, such lands are to be included in the park boundary. The lands are necessary to establish trailheads at White Rock and Chadwell Gap.

Need: For fiscal year 2002, funds in the amount of \$100,000 are needed to acquire three tracts containing a total of ten acres. The tracts are needed to provide trailheads and public parking facilities as authorized by Public Law 104-333.

Interaction with Landowners and Partners: The acquisition for trail and parking purposes is supported by the local community. The landowners are amenable to selling the tracts and have been supportive of Federal acquisition. No appraisals have been obtained, nor have negotiations been initiated.
